

Discover our library collection from home

We have a huge selection of books in our library at North Cott. Did you know you can search for and reserve items from any device with internet access?

How to use the system

- Visit <u>http://northcott.concordinfiniti.com</u>
- Username = your school username This is the same one you use to login to any computer at school. If you don't know your login or the password, contact the school

How do I search for an item?

Simply type your keyword(s) in the blank field (1) and choose Search (2)

You will see a list of matching items. If the *Available* box is green (eg (10^{f1})), the book <u>should</u> be on the shelf. If grey, there are none currently available. If the list is long, you can narrow or **filter the results** by scrolling through the *Refine your Results* bar on the left (eg choose *Sections...Junior Fiction*) to only see picture books.

How do I reserve an item?

If you want me to have your items ready for you to pick up, click on the \leq to the right of the book title. You will need to **email me to let me know** you have reserved items as I don't automatically get notified. NB: Sometimes things go wrong and a book may appear to be available but cannot be found, so I apologise in advance if not all your reservations are available.

How do I submit a book review?

Search for the book, then click on the title. Choose Library Reviews and rate & enter your review. Once approved, the star rating will appear when others search, and the review will be available when they click on the title.
