

North Cottesloe Primary School Song

Over the years our community has grown,
No matter the problems that are shown.
We give support far and wide,
From the city to the tide.

In 1913 the students united,
We had our plans for the future sighted.
In 1980 our school may have burnt,
We emerged from the ashes with our school returned.

**North Cott,
Beneath the pine trees,
Feeling the sea breeze.**

**Blue and yellow in the air,
Teamwork shining everywhere.
Ba ba ba ba ba.**

**Blue is the ocean,
Yellow is the sand.
Here on Nyoongar land is where we stand.
Ba ba ba ba ba ba.**

Sustainability is the way,
We won't stop until we save the day.
Waste free Wednesday is a start,
But we won't stop until we've done our part.

Whether it is rain or sun,
North Cott will always have fun.
With the sand in our hair and the sun in the sky,
Our schools moral is to always try.

**North Cott,
Beneath the pine trees,
Feeling the sea breeze.**

**Blue and yellow in the air,
Teamwork shining everywhere.
Ba ba ba ba ba.**

**Blue is the ocean,
Yellow is the sand.
Here on Nyoongar land is where we stand.
Ba ba ba ba ba ba.**

Eric the elephant leads the way,
Following our values, we never stray.
Excellence, respect, integrity and care,
Following our values, we are always fair.

We wear our hats and sunscreen too,
Being SunSmart is what we do.
Caring for our environment every day,
Learning lots of subjects in all different ways.

**North Cott,
Beneath the pine trees,
Feeling the sea breeze.**

**Blue and yellow in the air,
Teamwork shining everywhere.
Ba ba ba ba ba.**

**Blue is the ocean,
Yellow is the sand.
Here on Nyoongar land is where we stand.
Ba ba ba ba ba ba.**

**North Cott,
Beneath the pine trees,
Feeling the sea breeze.**

**Blue and yellow in the air,
Teamwork shining everywhere.
Ba ba ba ba ba.**

**Blue is the ocean,
Yellow is the sand.
Here on Nyoongar land is where we stand.
Ba ba ba ba ba ba.**
